

Exhibition Quality Photographic and Fine Art Printmaking Services

Email: paul@paulparin.com Web: www.paulparin.com

Paul Parin specializes in exhibition quality photographic and fine art printing using the highest quality inkjet (giclee) technology available today.

I can print to a range of exhibition quality media including many beautiful fine art papers and canvas. Possibly the most popular choice is the premium quality USA made canvas which once printed, we spray with three coats of lacquer and build a custom (42mm) stretcher frame to suit. As an option we can then fit a custom made timber edge frame (Jarrah, Oak, Ash etc) or painted finish frame to the stretched canvas to complete a true work of art that will hang with pride of place in your home or business. **Custom and larger sizes up to 150cm roll width available on request**
